I have extended an invite to Raisa Orleans in Congressman Henry Waxman's office who is also interested in discussing the Malibu Creek TMDL. - Brent

Molly –

I have set up a conference line for us to use for our call on **June 6, 2013 at 2:00pm on Malibu Creek TMDL** and am providing both the call-in number and access code to join the call.

On Thursday of next week, I will be working outside of the office on flexiplace, but can call in to initiate the call and participate along with my Water Division colleagues, Janet Hashimoto, Cindy Lin, and John Kemmerer if he is available. We look forward to talking with you. I have included below the article you sent with your initial inquiry.

**Dial-In Number:** (866) 299-3188

**Conference Code:** 4159721596#

**Leader PIN:** Non-resp (for use only by Brent Maier to initiate the call)

Regards,

Hi Brent,

I hope you're doing well. I wanted to check in with you to see if Michael and I could set a time to chat with you regarding recent changes to EPA regulations to Malibu Creek. Please see the post below with more detail on the issue.

Thanks very much and all the best,  
Molly

## **EPA Regulations Costs Rise, Public Forum on May 1**

3

As written previously, the Environmental Protection Agency (EPA) is proposing new, far more stringent, water quality standards for Malibu Creek and Lagoon. This proposal directly impacts all customers of Las Virgenes Municipal Water District, as well as Triunfo Sanitation District.

The water district originally projected that the new standards will cost \$160 million, but with updated information, the estimate is now \$307 million in capital costs -- as projected by MWH Global (waste water treatment engineers). In addition, there will be regular operating cost increases.

To put this into easier to understand terms for Westlake Revelations readers, LVMWD originally projected water district customer would need to pay \$4200. With an updated understanding of the proposed standards, that

estimate has now risen to \$8050 per customer, or \$78 per water bill for the next 30 years.

The EPA is now organizing "EPA Malibu Creek Workshop" now set for Wednesday, May 1 at 6:30 pm, at Agoura Hills City Hall.

Anyone attending is encouraged to voice opinions, or better yet, ask questions of the water district and the EPA.

It affects JPA/LVMWD/Triunfo customers in the cities of Agoura Hills, Calabasas, Hidden Hills, Westlake Village, portions of Thousand Oaks, Oak Park, North Ranch and surrounding unincorporated areas of Los Angeles and Ventura Counties.
